

Artistry Word Bank

Having a vocabulary of **personally relevant words and terms** at the ready will help you speak about your artistry with more ease, fluency, and confidence. What are the terms that come up most often when you think and write about your work?

Remember:

- Mix of broad & niche (painter → acrylics)
- Use layman's terms (not just 'insider' language)
- Include nouns *and* adjectives (e.g. moody colours)
- Suffixes aren't important here (they'll change depending on the sentence)

Part 1 (Example below)

Fill in your words

records

jazz musician

experimental

joyful sounds

collaboration

Part 2

Create as many (separate) sentences as you can using your word bank.

Example: As a **jazz musician**, I create **collaborative**, **experimental records** that feature **joyful sounds**.
